Attached are the questions posed to Mr. Colby by Senator Proxmire. Mr. Colby said that he will provide general answers for some of the questions. For the time being, he would like us to pull together a short answer to each of them and where that cannot be the definitive answer because of the time press, we will submit further details later. We have attempted to allocate the answers to Directorates and Offices in the margin but we would like all of you to review all of the questions in the event that you may have an input in which we are not aware.
